PADUCAH, KY., TUESDAY EVENING, APRIL 12, 1910.

TEN CENTS PER WEEK

CHURCH GYMS MAY SUPPLY LONG FELT WANT IN PADUCAH

Y. M. C. A. Enterprise Looks
too Big For Present Means
Available.

Committee of Posters Will
Consider Plan.

MEETING HELD THIS MORNING.

Instead of making the investment of thousands of dollars into a Y. M. C. A. building and taking chances in maintaining it, the ministers of Paducah may unite in a plan to make the churches of Paducah "open houses", where young men may congregate every day in the week. This plan was suggested before the Paducah Pastors' association this morning by the Rev. D. C. Wright, rector of Grace Episcopal church, and on his motion a committee composed of himself, the Rev. M. E. Dodd and Professor J. A. Carnegie, superintendent of the public schools, was appointed by President G. T. Sullivan to see if the present equipment of the churches is adequate for institutional measures.

The pastors' association is in favor of a Y. M. C. A., but Paducah is not able at present to build and maintain one, so they thought, why not convert the church Sunday school rooms into gymnasiums and places for social life, instead of having the doors locked tight six days out of the week and turning the young men out to wander away from the church.

The Y. M. C. A.

Dr. M. E. Dodd, pastor of the First Baptist church, spoke on "A Y. M. C. A." for Paducah, and presented facts and figures. Five propositions were made as follows: (1) The status of affairs relating to the young men of Paducah; (2) Possibility of saving the young men; (3) What part a Y. M. C. A. can take in saving them; (4) What will be required to build, maintain and operate a Y. M. C. A.; (5) Is Paducah able to establish, maintain and operate a Y. M. C. A.?

Each proposition was discussed fully. Dr. Dodd said there are possibly 5,000 young men, who should be brought into the religious life, and he spoke in behalf of them. The possibility of saving them was a serious question. He recently wrote several cities, receiving letters from Y. M. C. A. secretaries, and also one from Philo C. Dix, state secretary of the Y. M. C. A. According to Mr. Dix, Paducah should have a \$50,000 building with an annual expense of \$5,000. Out of this \$2,000 could be obtained from the income of the building, leaving the remainder to be subscribed and collected in fees for membership. Nashville is soliciting funds for a \$200,000 building, and Jackson, Tenn., for a \$65,000 one. Owensboro has a \$35,000 building. The Y. M. C. A. at Owensboro for 1909 had an average daily attendance of 200 members. Figures were also submitted from Lexington, Ky.

It would depend largely upon the church people to support a Y. M. C. A., and Mr. Dodd said the indebtedness of the local churches is as much as the people can take care of at present. He said the bonded indebtedness of church property here is \$23,000 with an unbonded indebtedness of about \$14,000 and a monthly deficit of \$1,000. Dr. Wright was of the opinion that the total indebtedness would double that amount, and, considering this, he urged that the churches do what a Y. M. C. A. would do. He said between \$400,000 and \$500,000 are invested in church property in Paducah, and he could see no reason why more money should be invested for the sake of the young men, when the churches could be thrown open to them. He suggested that the Sunday school rooms be fitted up with gymnasium equipment and reading rooms be established. He said the Carnegie library would do away with reading rooms to a certain extent. Games could be enjoyed six days in a week. This idea met with immediate favor and aroused the enthusiastic support of Supt. J. A. Carnegie.

Professor Carnegie said he believes in keeping the young men in the church and not trying to get them back after they had wandered astray. He said he believes in making the church the place from which to fight against evil, instead of fighting it in the devil's vantage places.

Anti-Tuberculosis Fight.

The association this morning endorsed the request of the state committee that the pastors of the city agitate the fight against tuberculosis on Sunday, April 24. On motion of

Letter, Bidding Him Meet Writer in Paducah, Only Identification of Body Found Beside I. C. Railroad

THE GUILLOTINE.

Paris, April 12.—Without being present at his own trial, Jean Lamarque, charged with murdering Monsieur Drome, a merchant of Valencia, will be guillotined. Lamarque was identified by M. Bertillon, the criminologist, by his finger prints. Three men already have been beheaded for crime. The most tortured Drome to death in an open fire.

Dr. Wright it was agreed that each pastor of the city devote his service or part of it to a sermon or lecture along this line, in arousing the public in stamping out the white plague. Present this morning were: The Revs. G. T. Sullivan, M. E. Dodd, D. C. Wright, E. B. Landis, Pearson Lockwood, W. A. Fite, E. C. McAllister, R. W. Childs, G. B. Wyatt and H. W. Burwell.

The committee appointed to investigate the advisability of recommending the purchase of a site for the Union Rescue mission was given further time.

Going to Denmark.

Dr. and Mrs. J. Miller and little son passed through Paducah last night en route from Benton to Copenhagen, Denmark, their former home. Dr. Miller with his wife left Denmark about nine years ago, and came to America. About seven years ago he located in Benton and built up a practice. However, the longing to return to his old home came over him and he left Benton yesterday.

ONE ARM GONE

HER OTHER ARM WILL BE OF
NO USE TO HER.

Miss Ruby Parker Probably Will
Recover From Terrible Accident
in Mill.

Suffering much pain, Miss Ruby Parker, who was horribly injured yesterday afternoon at the plant of the Paducah Box and Basket company, is at Riverside hospital today and probably will recover. To relieve her sufferings as much as possible, opiates are given her, and the girl has not been fully conscious since the accident.

Her right arm was torn into shreds, and only the stump was left, while the bones in her left arm were broken in many places. The bone was fractured so that it was in bits about an inch long. However, the arm will be saved, but it will be useless. A scalp wound was received over her left eye, and it is uncertain whether the skull is fractured. She received bruises all over the body by being whirled around the shafting.

The girl had gone to secure some wire to be used in a basket stitching machine, when her dress was caught in the shafting and her body was drawn in and whirled around the shaft line. Dr. B. L. Bradley and Dr. J. T. Reddick were called to the factory, and as soon as possible the girl was rushed to the Riverside hospital, where her injuries were dressed.

She is a daughter of William Parker, who resides on Eula street in Mechanicsburg.

Begin Taking Census Friday of This Week

The work of taking the federal census will begin next Friday all over the United States. Seventy thousand men and women will be engaged in the work, and they must finish in a month. The results will be announced this summer. It is estimated there are approximately 90,000,000 people in the United States. It will cost \$5,500,000 to take this census, which will be the most complete ever made, including statistics of all kinds. Especial interest attaches to the births, as indicating the ground for the fear of race suicide.

When J. R. Jones, of Princeton, supervisor of the census for the First district, reached Paducah, he was indignant over the Washington story that Ollie James had gone before the bureau of census and secured the removal of a negro census taker in Ballard county. As a matter of fact, the

man in question had not passed the examination and if Congressman James went before the census department to argue the matter, he had no difficulty because there was no such person on the eligible list. The ruling of the department as to the employment of colored census enumerators is, that they shall be employed to take the census of the colored race only. It is found that better results are obtained this way than by employing white people to take the colored census.

Young Man is Supposed to be
William Gagain, of Murphysboro, Ill.—Killed by
Train at Dulaney, Ky.

Dulaney, Ky., April 12. (Special.)—The body of an unknown young man, supposed to be William Gagain, of Murphysboro, Ill., was found this morning on the Illinois Central right of way, where he had been killed by a train some time during the night. The only mark of identification is a letter in his pocket from a young woman in Murphysboro, Ill., telling him she was going to southwestern Missouri and asking him to meet her at Paducah. The letter was dated March 17, but no one knows where he was going, toward or away from Paducah. He was between 30 and 35 years old. One of his legs was cut off and his arm crushed. His body is only bruised.

Marshall Grand Jury Discharged.
Benton, Ky., April 12. (Special.)—The Marshall circuit court was closed today after remaining in session for over a week. The grand jury made its final report this afternoon and returned a number of indictments. No large cases have been investigated, and it is said that only one felony indictment was returned.

Mack Talks With Watterson.
Louisville, April 12.—Norman E. Mack, chairman of the Democratic national committee, left Louisville this afternoon for Buffalo, by way of Cincinnati. Mr. Mack had a conference during the morning with Henry Watterson, editor of the Courier-Journal, at which the general political situation was discussed. Both gentlemen declined to make any definite optimistic over the prospects for Democracy.

Reform Belgian Congo.
Brussels, April 12.—King Albert has approved the plans of the ministry of the colonies for reforms in the Belgian Congo. The changes will become effective on July 1, when a large area will be opened to free commerce.

The reforms include reduction in the taxes, which will be collected in money, and not paid by labor; substitution of native for white officials, and the restriction of obligatory labor.

Can't Agree on Scale

Louisville, Ky., April 12. (Special.)—Miners and operators of Kentucky are still unable to agree on a wage scale.

School Board Meeting

The school board will meet at the Washington building tonight at 7:30 o'clock. Besides passing claims, the board may take up the election of principals and fill vacancies.

Stingy Thing!

Washington, April 12.—Mrs. Carrie B. Walsh, widow, and Mrs. Evelyn B. McLean, daughter, will receive practically the entire estate of the late Thomas F. Walsh. His will was filed today. He left \$100,000 to charity. His estate is estimated at eight to ten millions.

ABDUCTED CHILD FINDS HER PARENT AFTER 22 YEARS

Mrs. Shellie Franklin Was
Brought up to Believe
Her Mother Dead.

Search of Two Years is at
Last Rewarded.

TALE OF UNHAPPY MARRIAGE.

After being separated from her for 22 years, Mrs. Shellie Franklin, 130 Clements street, has discovered the fact that her mother, Mrs. Lucy Knight, is alive in McKinney, Texas. When about eighteen months old she was brought by her father to Paducah, where she was taught to believe that her mother was dead. Now, it is probable that the mother will come to Paducah to see her long lost daughter.

When a small child, Mrs. Franklin, whose maiden name was Miss Mary Knight, resided with her parents in Dennison, Texas. Her parents separated, and one day her father abducted her and brought her to Paducah, where she was reared by an aunt, Mrs. Fannie Walker, of Yellow avenue. In total ignorance that her mother was living, Mrs. Franklin about two years ago was informed by an uncle of her abduction, and the fact that he thought her mother was still alive in Texas.

Since then information has been gathered slowly, but last Tuesday Mr. Franklin wrote to the chief of police at Sherman, Texas, while Mrs. Franklin wrote to the county clerk. As it happened the chief of police was a cousin of Mrs. Knight, and he was able to give the residence of her mother. Letters have been written to Mrs. Knight, who was surprised to learn that her daughter was alive and married.

FIGHT DUEL

EARL STONE USES SHOTGUN AND
GETS WORST OF IT.

Ed King Fires at Him Effectively
With a Small Calibre
Revolver.

In return for a load of buckshot fired at him from a double-barrel shotgun by Earl Stone, colored, at 8:30 o'clock last night, Ed King, colored, pulled a 22-calibre target pistol and fired three shots at Stone. Only one took effect, entering Stone's left breast just below the nipple. King turned and fled and ran square into the arms of Patrolman Patisio Kirk, while Stone escaped in the darkness with a bullet near his heart.

The shooting occurred in a house on Ninth street between Harris and Boyd streets. Patrolmen Kirk and Mitchell were within a short distance when the shots were fired and hurried to the house. Just as they entered the gate the lights inside were blown out by the negroes in an attempt to get away. King was taken to police headquarters and locked up on two charges, one with malicious shooting and wounding and the other with pointing and flourishing a deadly weapon. After having the bullet cut from his body by Dr. J. B. Acree early this morning, Stone came to the city hall and swore out warrants against King. Stone was placed under arrest and taken to the county jail for safekeeping. He is charged with malicious shooting without wounding.

A quarrel started between the two negroes and Stone is alleged to have raced to his home for a shotgun. He returned and entered the house, firing point blank at King. Bad marksmanship on his part resulted in the shot taking effect in the wall. King, probably in self-defense, returned the fire with a 7-inch barrel target gun, and Stone was struck. With a remarkable constitution he dashed off the front door, but Patrolman Kirk poked a big shining revolver under his nose and the negro surrendered. Efforts to locate the wounded negro last night were without result, but he was trapped this morning when he asked for a warrant against King. The trials have been postponed until Thursday morning in police court. Stone is not badly hurt.

Mr. and Mrs. A. F. Theuring, 615 North Fourth street, are the parents of a nine pound boy.

Supreme Court Once More Center of Higher Political Interest in the United States—Moody is Better

President Taft Thinking of
Selection to Fill Vacancy
Caused by Death of Justice
Brewer.

Washington, April 11.—The supreme court of the United States has broken into the political situation again, following the court's decision to have a rehearing of the tobacco and Standard Oil cases postponed for final determination in the cases until the November election. The administration banked to a certainty on securing favorable decision, but developments spoil the hopes pointing to a successful finish of the campaign against monopolies before the election and President Taft is endeavoring to select a justice to succeed Justice Hughes of New York. Judge Vandeventer of Wyoming, Solicitor General Bowers, Judge Hook Sandford of eighth federal district, and Judges Hitchcock, Andrews and Crane from the New York supreme court are considered. Hughes and Vandeventer favorites.

Cannon Takes the Floor.
Speaker Cannon again showed his teeth in anger and defiance to the house when a combination of "insurgents" and Democrats defeated the provision in the legislative bill appropriating \$2,500 for the maintenance of the speaker's automobile. When the vote of 111 to 132 was announced, the speaker took the floor and defied the "insurgents" to depose him from the chair.

With a resounding whack on the table, he declared "Unless the Republicans who do not approve of the personality of their speaker have the courage to join the solid minority, I remain speaker until March 4 next."

Mr. Cannon added: "I believe the speakership should be accorded the same dignity as the office of vice president."

Moody is Improving.
Boston, April 12.—Justice William Moody has no intention of resigning. He will be back on the bench with health restored this fall. This statement was made by Dr. Joel Goldthwaite, his physician, and J. Otis Wardwell, his former partner. Moody is still at the Corey Hill sanitarium, Brookline.

Roosevelt Accepts.
Porto Maurizio, April 12.—Roosevelt today accepted the invitation of Gifford Pinchot to address a meeting of the National Conservation league. The acceptance is the first light on the consultations of yesterday. Interviews were resumed today. Both refuse to discuss with the correspondents, Francis Heney, the former San Francisco prosecutor, and Seth Bullock, United States marshal, will meet him in Europe to disclose the situation in their territories. Both men are Roosevelt supporters.

Pinchot and Roosevelt took another tramp this morning. It certainly is like old times Pinchot told the correspondents, Villagers enthusiastically greet Roosevelt whenever he appears, and pelt Mrs. Roosevelt and Ethel with flowers.

PILOT BOAT GOES DOWN WITH CREW

TEN MEN DROWN WHEN PIRONDELLE FOUNDERED OFF
FRANCE.

Paris, April 12.—The pilotboat Pironnelle went down, drowning ten of her crew today. She was bound from St. Brius to Prehel.

MCCRACKEN MEDICAL
SOCIETY'S MEETING.
The McCracken Medical society will meet in regular session on Wednesday evening at 8 o'clock at the Woman's club building. It will be a meeting of especial interest. Dr. Willingham will discuss "The Early Diagnosis of Tuberculosis," and Dr. McKinney, of the Illinois Central hospital, will give a paper on "Special Aids to the Early Diagnosis of Tuberculosis." The revised constitution will be presented for adoption.

MURDERED BOY IS LUTHER THOMPSON PACKETBOATMAN

Seems to be Positively Identified
as Native of Decatur
Alabama.

One of Men Under Arrest
Knew Him.

MORE CLOTHING DISCOVERED.

Murderers of Luther Thompson never got far from the scene of the crime is the belief of the police. Mr. Church, who lives in the country, saw two young men going away from the empty house on the gravel road near the scene of the killing about 8 o'clock Sunday morning. The body was found at 9 o'clock.

If the cases of Bert Guire and Albert Hale, held as suspects in the murder of Luther ("Red") Thompson, of Decatur, Ala., as the youth, who was found Sunday morning, has been identified, are called tomorrow, they will be continued. This significant statement was made by the authorities today.

Men Are Identified.
Conductor Phipps called at the county jail this afternoon and identified the two men as the same ones he met early Sunday morning in the Illinois Central yards. Conductor Phipps arrived in Paducah about daylight, and was returning home when they met him and inquired what was the best way to reach Louisville.

Mr. John Churchill, a farmer in the county, was driving out the Pool road Sunday morning and said he thought they were the same men he met walking towards Paducah. One he said carried a small bundle under his arm.

Detective James Collins, ex-chief of police, is lending his services in tracking down the murderers and said this afternoon that two pairs of lace shoes and a pair of dark trousers were found and are being used as clues. One pair of the shoes was placed on Thompson's feet this morning and fit him exactly, the laces corresponding with the imprints on his ankle. Detective Collins would not reveal where he made the discoveries, and says he has found several important clues that will result in strong evidence. The trousers were found near the scene of the crime.

At 1 o'clock this afternoon Detective Collins in company with Sheriff George Houser left the city in a buggy for the country to gather more evidence. Mr. Collins is silent on what evidence he has obtained against Guire and Hale, but says the murder is nearing a solution. The cases against each, charged with vagrancy, will be called in police court tomorrow, but Detective Collins will ask for a continuance until Friday when he says he will be ready to face the young men with proof.

When Chief of Police Singery learned that the body was that of Luther Thompson and that the boy has a mother living in Decatur, or Birmingham, Ala., he at once telegraphed for Mrs. Lum Thompson at both places. At 11:45 o'clock this morning he received an answer from City Marshal C. D. M. Young at Decatur, informing him that Mrs. Thompson is living in Birmingham from his last report. No word has been heard from her there, but a telegram is expected every minute.

This morning Undertakers Nance & Rogers received a telegram from Mrs. Stella Cunningham, of 3744 Windsor Place, St. Louis, asking for a description of the dead boy. A description and account of his death was immediately forwarded her.

County Judge Alben W. Barkley today wrote Governor Augustus Wilson at Frankfort, asking him to

(Continued on Page Four.)

Losses Adjusted.
The G. W. Robertson, and G. W. Robertson Ice company losses were adjusted yesterday and today, by Adjuster C. C. Rose. The losses amounted to \$1,268.08. Mr. Rose goes to Marion, Ill., today to adjust some losses in that city.

RAT-A-TAT-A-TAT OF
HAMMER SOON HEARD

Steel work on the new office building will be started next Friday if the present plans are carried out, and it is expected the steel skeleton will be erected in five weeks. Today the steel bases of the pillars which rest on concrete foundations, were placed in position. Steel for the first six floors is on the ground, and no delays from this source are expected. Tomorrow the contractor is expected to erect the large derrick and prepare for riveting the steel.

CHOOSING JURY IN HYDE CASE

MRS. SAYLER AND MILLER ASK
FOR NEW TRIAL AT WATSEKA, ILL.

Kansas City, April 12.—Twelve veniremen again filled the box at Hyde murder trial today. Hyde's wife was present. Hyde criticized the slowness in selecting a jury according to the Missouri law. Mrs. Hyde and her mother refuse to recognize each other. Many veniremen disqualified because they refuse to credit expert testimony.

Mrs. Sayler Prostrated.
Watsika, Ill., April 12.—Judge Dibel will hear arguments and motion for a new trial, filed by the defense for Mrs. Sayler and Dr. Miller, found guilty of manslaughter yesterday for killing J. B. Sayler. Should the motion be denied the defense will appeal to the state supreme court on grounds of error from the trial court. Mrs. Sayler is prostrated since the verdict.

NEW SANITARY DRINKING FOUNTAIN FOR SCHOOLS.

Superintendent J. A. Carnegie has received a sample of a sanitary drinking fountain, which may be installed in some of the public schools to eliminate the drinking cup. At the Jefferson building there are sanitary drinking fountains, but they are complicated, and cost about \$30. Professor Carnegie saw the new fountain exhibited at Indianapolis, and the small cost and simplicity make it available for use in all of the schools. The fountain is arranged so that eight small streams of water strike together, and the water is thrown up like a fountain, and it is easily reached without the aid of a cup.

N. Y. CENTRAL WAGE DISPUTE ARBITRATED

New York, April 12.—Trainmen and officials of the New York Central failed to agree on a wage increase. A board of arbitration was appointed to settle the matter.

BORNEMANN HOSPITAL ENDOWMENT RECEIVED

The \$2,500 bequeathed the city by William Bornemann for the purpose of endowing a ward at Riverside hospital has been paid over by the estate. The city borrows the money, which will be used in equipping a ward at the hospital, and then will appropriate \$125 annually, as interest on the fund, to maintain the ward.

NARROW PATHWAY FULL OF WRECKAGE

PINE BLUFF, ARK., VISITED BY
CYCLONE THAT DID MUCH
DAMAGE.

Pine Bluff, Ark., April 12.—Ten families are homeless and property is damaged to the extent of \$10,000 as the result of a storm here last night. W. B. Nimmons' heading factory and other concerns suffered the most. Streets are strewn with wreckage of lumber yards and factories. Tenn small houses in the tenement district were totally destroyed. The path of the storm is narrow.

Rugs, Carpets, Matting, Curtains and Portiers

Just at this time of the year when all our minds are centered upon house cleaning, we reach out with unparalleled offerings in our floor covering department. While our offerings are too numerous to mention we advise all who require new carpets, rugs, matting or such, to visit our department before buying, for we are absolutely sure of saving you money and giving you qualities that can be depended upon. Then we advise an early selection, for while our stocks of matting, rugs and carpets are the largest in the city and we are working an extra force of carpet makers and layers and sales people, we are sure that by the enormous increase of our floor covering business stocks will soon be broken and some people who will require their work done at a particular time will be disappointed. Thus, for these two reasons, we say, do your spring buying as early as possible and give us a few days to do your work properly. In the opposite space to this we are listing a few items to give you an idea of prices and just what lines we are making a specialty of.

Carpet Department, Second Floor.

WARNER'S Rust Proof CORSETS

The long skirt models completely encase the figure. The extra length in the skirt is unboned and the corset absolutely comfortable, sitting, standing or walking. The figure corsetted in a Warner's presents an appearance of long unbroken lines, as shown in this illustration.

The complete line of Warner's corsets shows a large variety of shapes—long, medium and short, making it possible for every type of figure to fill its requirements with a fashionable garment.

These corsets are guaranteed to WEAR—not to rust, break or tear. Warner's standard of quality is so high that this guarantee is almost superfluous.

On the tissue paper wrapped around each pair of Warner's Corsets is an illustrated story telling the proper method of lacing and fitting your corsets.

Priced \$1.00 to \$3.00

Lines of Floor Coverings and Hangings That We Are Making a Specialty of

MATTINGS—Our import shipment of Matting direct from China and Japan gives us the opportunity to save you money on every yard of matting you buy. Cotton Warp Jap Matting, yard.....15c to 35c

Personally appeared before me the 1st day of April, 1910, R. D. MacMillen, Business Manager of The Sun, who affirms that the foregoing is a true and correct statement of its circulation for the month of March, to the best of his knowledge and belief.

PETER PURYEAR,
Notary Public.

My commission expires January 10, 1912.

TUESDAY, APRIL 12,

Daily Thought.

The plain rule is to do nothing in the dark, to be a party to nothing underhand or mysterious.—Dickens.

Evelyn Nesbit Thaw is going to Paris to study art. We thought she had mastered her art.

Harvard students in a straw vote gave Taft an even break and Republicans were for him three to one. If Harvard gives him an even break, Yale and the rest of us have no kick coming.

An insurgent victory, which saves the country from a congress dominated by a reactionary is desirable; but an insurgency that evinces only personal pique at the speaker and an inclination to exercise its power in spiteful usage of the old man, holds out little promise to the country.

REPAIR THE ROADS.

Much unjust criticism is laid against the county road supervisor, because he has not repaired more gravel roads, our attention being especially called to the condition of the Broadway road. As a matter of fact, we understand the fiscal court has allowed only \$1000 for repairing gravel roads, but allowed about \$14,000 for graveling new roads. It would require \$500 to put the Broadway road in proper condition, leaving only \$500 for the repair of all the others. McCracken county, in the last few years has gravelled many miles of roads and their maintenance becomes a serious problem. We cannot believe there is economy in spending money graveling new roads, if those already gravelled are allowed to deteriorate. Where it would cost one dollar this year to fill the holes, grade and patch the roads, it will cost two dollars next year. That is true of any kind of repair work, from filling teeth to filling sloughs. Gullies are being washed in some of the county gravel roads and each year will make those gullies more difficult to repair. Three months of this year have already gone, the months when much repair work could have been done. We believe the fiscal court will make a mistake if it does not properly care for the roads that have been improved.

THE CASE AT BAR.

Dr. Lyman Abbott, in an otherwise well considered article in the Outlook, which he calls "a political balance sheet" of the Taft administration, we believe unfortunately misconstrues the position of President Taft relative to withdrawing public lands. It says: "On one fundamental point the Outlook and President Taft are in radical disagreement. We understand President Taft to hold that the executive is the servant of the legislative body and can do nothing which the laws do not expressly authorize him to do. We hold that the president and the congress are both servants of the people; and that in the case of the public interests the president can do nothing which the laws or the constitution do not explicitly forbid him to do. Thus Mr. Taft holds that he has no right to withdraw public lands from private settlement unless a law of congress authorizes him to do so. We hold that the president may withdraw such lands from public settlement unless the law expressly forbids him to do so."

The case in point does not rest

on that issue, and if Mr. Taft made that broad assertion, it is obiter dictum. In his Chicago speech, if we remember correctly, he explained that the heretofore unquestioned authority of the executive to withdraw lands has grown out of the custom of arbitrarily withdrawing sites for army posts and other governmental purposes. When the question of the conservation of natural resources became the leading problem in the internal policy of the nation, the executive withdrew from settlement fuel, ore and timber lands and water power sites. The right to withdraw any part arbitrarily necessarily involves the right to withdraw all; but there is no constitutional provision or legislative enactment speaking directly to the point, and no decision of the supreme court upholding the right. Heretofore the exercise of the right has seldom interfered with any private enterprise and then only with individuals whose grievances were not worth the trouble and expense of a suit at law. Now, however, the interests of great power companies, mine operators, timber concerns and oil companies are disposed to disregard executive orders and test the right in court. When, by the simple enactment of a law, authorizing such executive action and validating all withdrawals made in the past, the right can be unquestionably assured, the president justly considers that the responsibilities for making effective the conservation policy now rests upon congress. Abstract principles are not always simple, when construed to meet the circumstances of a particular state of facts, and it is that, which confronts the country in this matter.

VOICE OF THE PEOPLE.

What is the matter with Paducah? Hundreds of thousands of dollars spent out of town in wildcat investments are lost—Wholly lost. One wildcat investment—a gold mine—lost our citizens \$80,000 with no returns. One wildcat investment lost one of our fellow townsmen \$10,000, and another fellow townsman \$12,000 and no return. A lady saved out of her small earnings \$1,800 and invested it in an out of town enterprise, and will certainly lose it. I can cite you to hundreds of others, and many of our citizens are asking the foolish question, "What is the matter with Paducah?"

I know of one investment in Paducah September 16, 1903 of \$6,900 that earned a profit of \$25,806. I know of another 1906 investment of \$10,500 that has paid \$15,000 profit. Put your money in Paducah enterprises and watch it grow. We are the best situated town in the world, and freighted vessels will float out nearly half the states by Paducah. Remember the wealthiest citizen in vests in Paducah and is growing rich so fast as to excite the jealousy of the rest of us.

Kentucky Kernels

Hopkinsville on the boom.
James C. Moore dies at Clinton.
John G. White postmaster at Winchester.

Mrs. Mary Jane Fletcher dies at West Point.

Lexington Kennel Club's dog show has 268 entries.

Miss Elizabeth Higgins injured in runaway at Stanford.

Central University grants scholarship to Kentucky U. D. C.

L. C. Jolly and Glee Dotson, of Fancy Farm, elope to Fulton.

New capital will be dedicated June 2, with address by Senator Bradley.

Members of Eminence city council donated to the city their year's salary.

State Confederate Veterans association may be supplanted by county organizations.

William Bromwell, of Carrollton, called to door and shot through head but will recover.

NEW SCHEDULE

ADOPTED BY NASHVILLE, CHATTANOOGA & ST. LOUIS.

Afternoon Train Will Run Straight Through to Memphis, Beginning Sunday.

Beginning next Sunday the afternoon trains of the Nashville, Chattanooga & St. Louis railroad will run through to Memphis instead of stopping over night at Jackson, Tenn., and completing the run the following day. The new time card is in the press now, and the schedule time is not known, but the train arriving at Paducah at 1:15 o'clock now will leave Memphis early in the morning instead of Jackson, Tenn., and arrive in Paducah about the same time. The train leaving Paducah at 2:15 o'clock will go to Memphis, arriving in the Bluff City about 9 o'clock.

The new schedule will give the railroad two trains a day to Memphis, and no doubt will increase the passenger traffic. At present passengers leaving Paducah for Memphis at 2:15 o'clock transfer to the Louisville & Nashville railroad at Paris, Tenn. The train leaving here in the afternoon will be a local between Paducah and Jackson, Tenn., but south of Jackson only three stops will be made. The through train is some-

thing that the railroad officials have been working on for a long time. The mixed train leaving Paducah at 6 o'clock for Paris, Tenn., will leave ten minutes later. This will enable passengers from Louisville to make connections for the south on the N., C. & St. L. railroad.

Personals.

Master Mechanic J. H. Nash, of the Illinois Central, is in Louisville on business.

Illinois Central Yardmaster H. Byers has returned to work after being off duty for several days owing to illness.

The official notice of the discontinuance of the pay car on the Illinois Central was posted today. The pay day will be April 16 for Paducah, while the remainder of the employees of the Louisville division will receive their checks April 21. Paymasters can hold checks only five days and unless the employees call in that time, they will be returned to Chicago.

SPRING STYLES

Now on Exhibit at H. G. Harmeling's Tailoring Quarters—1910 Designs Very Attractive and Largely in Demand.

"The spring of 1910 heralds one of the most decided changes for men's garments," said H. G. Harmeling to a Sun representative a few days ago. "This year our customers seem to be demanding the very latest and most select designs within the power of the tailor's art and I attribute the rush of orders and busy season to the popular suitings in Scotch, greys and mixtures of all kinds and shades of the noblest colors. Since I have been located in my new quarters at 522 Broadway, in the Truehart building, my business has rapidly increased owing to better facilities and larger quarters, which are in every way an improvement over my old quarters. I look forward to this spring's trade as outvaluing any previous year since 1888, when I entered actively as a proprietor of a tailoring establishment. Customers who have been enrolled on my books for years are giving large orders and it is very gratifying to feel that the trade for this year will even surpass that of 1909. We have provided our shop with every convenience that is within our reach. All cutting and fitting is done on the premises under my own personal supervision and from exact measurements and garments are not sent to distant points to be completed. This I find is much more satisfactory both to the patron and to myself. We have added cleaning and pressing to our tailoring work and can execute all kinds of cleaning, pressing and repairing promptly. Pressing in the very latest method is a new feature with our business. We are also equipped for ladies' French dry-cleaning, which is performed by expert hand-workers. The process freshens the fabric and renews the color." The Paducah Evening Sun can state without any fear of contradiction that all clothes executed by H. G. Harmeling are perfect in fit, texture and style and meet the requirements of a select clientele such as prominent manufacturers, bankers and leading business men. Mr. Harmeling personally is known throughout the south as an expert cutter and has a wide reputation in scientific tailoring and all garments which leave his establishment are in every way the perfection of clothes accurately cut and perfect in line, drape, fit, texture and appearance. Mr. Harmeling is capable of planning an effect, and also of producing it and is qualified in instructing his men to carry out his ideas. His establishment reflects credit on both the management and the citizens of our city.

NEW SHOE FACTORY

Paducah has another infant industry now, in the form of a concern, manufacturing and repairing shoes on a large scale. It is the T. H. Callahan company, which has opened offices at 126 North Fifth street, and, as soon as the installation of the new machinery, which is now here, can be completed, Paducah will have a real, live shoe factory added to its rapidly growing list of industrial enterprises.

The new factory is equipped with the latest and most efficient machinery and will employ from 12 to 14 men at the start. The manufactory will be a strictly wholesale concern and their products will rank up with the work of the best eastern factories.

Mr. T. H. Callahan, the head of the new enterprise, is a gentleman of wide experience and, although it cannot be hoped to compete with the larger factories in point of volume, the quality which makes for healthy growth will be self-evident and the policy of the management will be to start small and grow big through sheer merit.

Luke Burdell, chief clerk in the car department of the Illinois Central shops, returned last night from

KITTY LEAGUE

IMPORTANT MEETING OF PROMOTERS AT HENDERSON.

Hopkinsville to Be Included in the Circuit.—Owensboro or Madisonville Included.

Henderson, Ky., April 12.—The Kitty baseball league will be re-organized.

Plans for the re-organization were completed in this city when C. C. Gosnell, of Vincennes, Ind., and A. C. Murray, of Clarksville, Tenn., came to Henderson, and after a conference with a large number of fans definitely decided to take Henderson into the league. Vincennes, Paducah, Hopkinsville, Clarksville, Henderson and either Madisonville or Owensboro will compose the six league cities.

Madisonville, 35 miles south of here, is one of the best ball cities in the state and the promoters believe that it would be the better town to take in than Owensboro, because Owensboro is 30 miles east of this city, and to make that jump the teams would be compelled to travel an additional 30 miles, while with Madisonville in the league this extra expense would be saved, as it is in direct route with Hopkinsville and Clarksville, and also near Paducah. However, Owensboro fans are making a strong bid for entrance into the league.

On April 17 the promoters will meet at the St. George Hotel at Evansville to complete the organization. It is the intention to open the season on May 14 for 120 game schedule. The salary limit will be placed at \$800 per month and each team allowed thirteen men.

All cities which will compose the league have ball parks with the exception of Clarksville and Hopkinsville. The progressive business men of Clarksville have agreed to raise \$5,500 to purchase a park in the event the league is organized. Hopkinsville, it is believed, will be equally as enterprising.

Henderson has one of the finest ball parks in this section of the state. It is located within the fair grounds and on the car line. The city has always supported every team in the past and will undoubtedly give the new "Kitty" league abundant support. Mayor W. L. Thompson and many prominent business men are backing the move.

Nothing Learned Here.

Nothing has been learned in Paducah this week regarding the re-organization of the Kitty league. Sunday Mr. H. B. Sewall, manager of the traction company, was out of the city and somebody in Clarksville, Tenn., wished to talk to him over the long distance telephone. Last night he left for Boston and in his absence he asked Mr. W. E. Cochran, one of the baseball fans, to represent him in any arrangements made for a meeting. This morning Mr. Cochran had heard nothing of the proposed meeting in Evansville next Sunday. It was intended to meet in Paducah, but the promoters telephoned that the meeting would be postponed until Wednesday or Thursday of this week.

IF IT'S ONLY A HEADACHE. Why Cornelson's Headache Liver Pills will cure that. 10 cents. Guaranteed by all druggists.

WILL FINNEY CAPTURED BY TWO PATROLMEN.

After being hunted for since last Saturday night Will Finney, colored, was arrested at 8 o'clock this morning by Patrolmen Emil Goureaux and Watchman E. E. Holt for the Illinois Central railroad. He is charged with breaking into and entering a railroad box car. Last Saturday night while Switchman King was passing a car containing brooms and whisky on the railroad tracks between Sixth and Seventh streets at the freight house yards Finney is alleged to have jumped from the car directly over King's head. The negro escaped. The switching crew was making up a string to be taken to the south yards for transit when Finney is alleged to have jumped.

Paducah, Ky., April, 1910.

To Whom It May Concern:
We have this day sold to the Foreman-Lackey Realty Co. our agency of the fire insurance business, and we bespeak for these gentlemen the good will of all our patrons in the past and ask a continuance of your favor to them.

Yours respectfully

PADUCAH POTTERY CO.

Ship Flower Pots and Stoneware to All Parts of the South—Monthly Output Aggregates 150,000 Gallons of Stoneware or an Annual Average Output of 1,800,000 Gallons.

Paducah is distinguished as being the home of one of the most rapidly developing potteries in the United States, as is shown by the tremendous growth of the business of the Paducah Pottery Co. since its inception in 1885. At this time the enterprise was founded by J. A. Bauer and was incorporated with increased capital in October, 1905. During the year 1903 the capacity of the plant was 80,000 flower pots while the books show a capacity of 100,000 flower pots during the same month in 1909, also a production of stoneware. At the present time the output of stoneware averages 1,800,000 gallons annually, while the output of flower pots is also tremendously increased. The plant consists of a main factory building, a stock room, molding department and tremendous kilns and warehouses. All pottery is produced from a special quality of clay, which the company receives in car load consignments and which is prepared and molded on the premises. The clay is particularly hard and dense and results in a smoothly finished and almost unbreakable quality of stoneware. The kilns in which the pots are fired permit of a regulated temperature which gradually reaches white-heat and is then slowly cooled, which prevents cracking or breaking of any ware. The jugs are tested by hydraulic pressure of air and water. The decorating department is most interesting, and a number of people are employed. The trade covers the south generally, the company shipping the product both by rail and water. The Paducah Pottery Co. is under the direction of J. A. Bauer, president, assisted by H. Manton and Allen Seiberling, secretary. This is a thoroughly substantial and solvent enterprise, marketing its product at a fair profit and running in full operation the year around and is one of the most beneficial industries in Paducah.

MURDERED BOY

(Continued From Page One.)

offer a reward for the arrest of the murderers of Thompson. A reply is looked for soon and it is probable that the wish of the county judge will be granted and a liberal reward offered.

Temperature today: Highest, 69; lowest, 51.

It takes no time for you to get the suit you want here. The big assortment of patterns and styles assure you of that.

And it takes little money to buy GOOD values. No matter whether you have \$20, \$25 or \$30 to put in your spring suit, it will pay you to let us show you our offerings.

Your experience with Royal-C and R. & W. clothes—the test Paducah men have given them, long ago accorded them first place in their esteem.

ROY L. GULLEY & Co.
415-417 BROADWAY
GENTS TO MEN AND BOYS
The Store That's Going Ahead

responds with the description of the two men under arrest.

At the time the boy was near the intersection of the Pool road with the Illinois Central tracks near the Union station. The watch was in the possession of the dead boy, and he talked as if he would give extra money with the watch for the wheel. It is a theory that some one killed Thompson for the watch and any gum of money that he might have had in his possession.

Jake Roush, a former member of the police force, identified the dead boy as the one he saw at the Union station late Saturday afternoon. At the time he was with a companion, who answers roughly the description of Albert Hale.

IN SOCIAL CIRCLES

Sewing Bee With Mrs. Hills.
Miss Blanche Hills will entertain the Sewing Bee on Thursday afternoon at her home on North Ninth street.

Miss Baird as a Writer.
Will Allen Dromgoole, a Tennessee writer of note, in her "Song and Story" weekly featured the Saturday Nashville Banner, gave the following delightful and deserved compliment to the brilliant Miss Anne Sherrill Baird, of this city:

One of the ablest young women writers of the State of Tennessee is undoubtedly Anne Sherrill Baird. People who are not in the habit of reading Anne Sherrill Baird have no idea of the genuine good stuff they are missing. She deals, to be sure, with subjects that do not attract the masses; but the thinker, the lover of fact and history, and philosophy always read and enjoy her contributions. If Anne Sherrill Baird had been left to dig out her own salvation at the point of a pen, if she had had nobody to look out for her, just been tossed into the sea of adversity along with other and less expert strugglers of her countrywomen, and had been duly notified of Fate that it was to be sink or swim or go to the devil, she would have been away yonder at the top before this. Take for instance that one little article of hers in the Banner of last Saturday, and pick out just a handful of the kernels of good, strong, helpful thought (for Anne Sherrill Baird always hits straight from the shoulder), and see what you have:

"Man has not yet discovered or invented perpetual motion, but long ago perpetual motion discovered him."

"Move on! is Nature's slogan: if you can't move on she moves you off."

"Whether are we whirling? Nobody knows, but there is no doubt about our going."

"We need to be heartened up with truth, for some of our illusions are so melancholy."

"We are built from the soil quite as literally as the trees are, but not quite so immediately."

"On the ruins of that which is gone is builded something better, finer, higher."

"Millions of springtimes are yet to be born with all their blossoms, full of bloom and fragrance, and all their songs unsung."

"There is nothing new, nothing completed, no beginning, no end. The belief that we can see a finish is the rankest of delusions."

"There is no such thing as a finish. We are still ignorant in great degree, and it doth not yet appear what we shall be."

Now for genuine, breezy, hopefulness and freshness, could anything or anybody, be better than Anne Sherrill Baird, with her big brain, her strong hand and her genuine, unfilled and unfilled gift of presenting things. She is like a painter of the realistic order, and with her brush she sweeps the barren canvases and it leaps to life, sunlight, storm, tragedy, what you will; but always strong, wholesome and athrob with the immortality of hope.

Their Golden Wedding.
Mr. and Mrs. John Carnel, celebrated their golden wedding anniversary at their home two miles from Grahamville yesterday and it was a grand affair. Relatives from all over western Kentucky were there and a fine dinner and barbeque was enjoyed. One brother and sister of Mr. Carnel, eight children, 29 grand children and two great-grandchildren besides a host of their neighbors and friends were present. Mr. and Mrs. Carnel were married fifty years ago in Christian county and have many friends all over western Kentucky. Mr. George Ingram, of this city, attended the event.

Home Mission Societies Delightfully Entertained.
Mrs. Osgood Bowyer, 1209 Jefferson street, entertained in honor of the Home Mission society of the Broadway Methodist church on Monday afternoon. It was a delightful social occasion. The Home Mission society of the Fountain Avenue church were invited guests.

After a short business session, the recently elected officers for the ensuing year were installed. They are: Mrs. W. A. Martin, president; Mrs. Charles Johnson, first vice president; Mrs. India Johnson, second vice president; Mrs. William Reed, third vice president; Mrs. Frank Brown, secretary; Mrs. F. M. McGlathery, treasurer; Mrs. John U. Robinson, agent for "Our Home." A report of the annual meeting at Dyersburg, Tenn., was given by Mrs. W. J. McCoy, who was a delegate from the Broadway society to the meeting. It was a splendid summary of the sessions and placed the members at home in touch with the work done there.

A pleasant social session followed. An informal musical program was given by Mrs. Samuel H. Winstead. The rooms were prettily decorated with flowers and a white and pink color-scheme was effectively carried out. Delicious ices, cakes and mints, emphasizing the white and pink motif were served during the afternoon. About 50 guests were present.

Entertained at Dinner.
Mr. and Mrs. Frank Sanders entertained most pleasantly at their home near Eden's Hill Sunday at dinner. Those present were: Mr. and Mrs. Hovekamp and children, Herman, Annie and Mary; Mr. Henry

COULD NOT WASH DISHES

In Such Misery Her Husband Begged Her to Take Cardui—So

Says Mrs. Bishop, of Waverly, Va.

Waverly, Va.—"I suffered miserably every month," says Mrs. Mattie L. Bishop, of this place, "and everything I ate would put me in such misery I would have to go to bed until it wore off. I could not even wash my dishes, after a meal."

At last my husband begged me to take Cardui. I had tried so many different kinds of medicine, I didn't want to take it, but agreed to try it for his sake.

Before I had finished one bottle, I could eat all I wanted, and could do all of my work all right. Now I feel all right, and suffer each month but very little pain."

If you are ailing, suffering from any of the troubles so common to women, or if you are merely weak and lack life and energy, remember that there is, on the shelf of your favorite druggist, a bottle of Cardui, waiting for you, ready for instant use, ready to give you relief, to build up your strength, to make you feel young, and fresh and hopeful.

The bottle is there. Will you get it?

N. E.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper on request.

Sanders, Miss Angelina Sanders, Mr. Ren Sanders, Sude and Emma Masserang, William, Joseph and Lawrence Sanders. The dining room was beautifully decorated in crab apple blossoms.

Mardi Club With Miss Paxton.
Miss Fred Paxton, 1039 Jefferson street, is the hostess of the Mardi club at euchre this afternoon.

In Farewell Honor.
Miss Gertrude Kettler entertained at cards at her home, 220 Farley Place, Monday evening, in honor of Mr. and Mrs. Bert Holloman, who will leave in a short time for Murray, where they will make their home. It was a delightfully planned affair. The first prize was won by Mrs. Holloman while the second was captured by Miss Adah Boyd. The gentleman's prize went to Mr. Smith. Those present were: Misses Adah, Brunnard, Adah Boyd, Lillian Kettler, Clara Brunnard and Gertrude Kettler; Messrs. Ernest Boyd, Oscar Jones, Tobias Kettler and Mr. Smith. After the games delightful refreshments were served.

Delphic Club Delegates to State Federation.
The Delphic club met this morning at the Delphic room in the Carnegie library. The program was cleverly featured as follows:

"James H., and the Glorious Revolution"—Miss Dow Husbands.
"William and Mary 1689"—Mrs. George Langstaff.

"Bank of England"—Mrs. A. R. Meyers.
"Rise of English Art"—Hogarth, Gainsborough Reynolds"—Miss Ethel Morrow, read by Mrs. W. G. Morrow.

Delegates to the State Federation of Women's clubs in session at Frankfort in May were appointed from the Delphic club this morning. The president is always a delegate by right of office, and Mrs. Meyers, who will not attend, selected Mrs. Edmund M. Post to represent her. Edmund M. Post to represent her. The alternate are: Mrs. R. G. Terrell and Miss Kathleen Whitefield.

Marriage Announced.
Mr. John E. Cassell, of this city, and Miss Dela Duval, of Detroit, Mich., were married last Thursday. The ceremony was performed by Rev. T. J. Owen, of the Paducah Methodist circuit. The announcement of the wedding was made today.

Mr. Cassell is a well known and popular engineer for the Illinois Central, running between Paducah and Jackson, Tenn. He has resided here for several years. His bride is an attractive young woman, who, for the past few months, had been manufacturing at the Palmer house, and has made many friends since coming to Paducah.

Mr. and Mrs. Cassell are residing at 123 North Seventh street.

A Family Reunion.
A family reunion was held today at the residence of Mrs. Maggie Phelps, who resides on the Calvert City road about eight miles from the city. A sumptuous dinner was served today, and a pleasant day enjoyed by the relatives at the reunion. Those present were: Mrs. A. C. Orr, of Fulton, Mr. and Mrs. D. C. Finley, and Misses Della, Mabel, Grace and Miranda Finley, the Rev. and Mrs. D. W. Fooks, of Paducah, and Mr. and Mrs. C. J. Rudolph, Mrs. Sam Brookshire, Mrs. L. E. Phelps, and Mr. and Mrs. E. Phelps and children of the county.

Comrades Celebrate.
Two old comrades, who are life long friends, and who served in the company in the Confederate army, and of the same age with only two days difference in their birthdays were guests of Mr. and Mrs. W. R. Davis of Twenty-Ninth and Tennessee streets,

A Live Wire Shoe

GEO. ROCK SHOE CO.

yesterday at a birthday dinner. The comrades are S. B. Davis, who resides in Rowlandtown, and R. A. Smith, of Otter Pond. Mr. Davis was 74 years old Sunday. Today Mr. Smith is celebrating his seventy-fourth birthday. So the birthday dinner was given on the day between.

Mr. Davis is the father of Mr. W. R. Davis. Mr. Smith is his father-in-law. Those present besides the guests of honor were: Mr. T. B. Crayne, and two sons, Mr. T. B. Crayne, Sr., Mr. L. B. Alexander, Misses Mary Hattie, and Vivian Davis, and Mr. and Mrs. W. R. Davis.

County Attorney E. L. Cooper, of Benton, was in the city yesterday afternoon on business.

Attorney Jack E. Fisher of Benton, was in the city yesterday on business.

Miss Hattie Wheeler has returned to her home in Sedalia, after a visit to Mr. and Mrs. Oscar Harper, 425 South Sixth street.

Attorney W. M. Oliver returned last night from Mayfield after attending court.

Miss Grace Kenney left for Russellville, where she will work in a branch office of the A. B. Smith Lumber company. Miss Kenney formerly resided in Paducah, but has been working for the company in St. Louis.

Mrs. Tyree L. Bell, of Dallas, Tex., who has been spending the last two weeks with her brother and sister, Mr. W. T. Hardy and Mrs. B. M. Stephens, will return home this evening.

Mr. Will Craig, who has been connected with the Billings Printing company for several years, left early this morning for Dallas, Texas, where he will engage in business with his brother, Mr. Rupert Craig.

Mrs. E. B. Newman, of Shreveport, La., arrived this morning on a visit to her brother, Mr. Z. H. Williams, of 216 South Third street.

Mrs. R. M. Isler, of Hickman, arrived this morning on a visit to her sister, Mrs. James Koger.

Mrs. H. S. Wells, Mrs. H. B. Sewall, Mrs. J. C. Utterback and Miss Kathleen Whitefield, who have been for a week at Dawson Springs, will return home Wednesday evening.

Mr. Luther Graham left this morning for Louisville on business.

Dr. and Mrs. J. B. Alvey left this morning for Elizabethtown on a visit.

Miss Carrie Baker, of Hopkinsville, who has been the guest of Mrs. Marshall Puryear, of North Fifth street, will leave tomorrow morning for Murray on a visit to Miss Polly Graves. Miss Baker will return to Paducah before returning to her home.

Judge J. C. Speight, of Mayfield, left this morning for Murray on business.

Circuit Judge William Reed left this morning for Benton to close the session of circuit court.

Captain James F. Brown, Jr., of Joppa, was in the city last night on business.

Mrs. W. C. Latimer and little son returned to their home in Atlanta today, after visiting Mrs. Latimer's parents, Mr. and Mrs. George C. Wallace.

Postmaster Frank Fisher left early this morning for Louisville on business.

T. B. Dudley, of Wickliffe, was in the city yesterday on business.

Mrs. Coleman Boyd and little son, Nelson, 219 Farley Place, are visiting in Mayfield and Sedalia.

Mr. A. Haselbaur left this morning for Birmingham, Ala., to resume his run after a visit to his family, 1048 Harrison street.

Suits Filed in Circuit Court.
E. L. Murphy, filed suit against the Metropolitan Life Insurance company for \$103.40, alleged due him by the company. He claims that he was employed to collect a debt and was to receive a commission of 15 per cent, and on certain collections he alleges he was not given credit.

—You are cordially invited to visit a free demonstration of the celebrated Van Houten's Cocoa, to be held at our store from April 11 to April 16. The demonstration will be given by a young lady dressed in the novel and interesting Native Dutch costume. Ideal Meat Market and Grocery, 512-514 Broadway, Columbia Building, Paducah, Ky.

Attention K. of C.
All members requested to be present at meeting Wednesday evening, April 13. Important matters to be considered.

COMET VISIBLE

EARLY MORNING RISERS MAY SEE VISITOR.

It Is Possible That We May See Stars Fall Next Month

Halley's comet has been visible to the naked eye for a week. In order to see it one has to be up at 3 o'clock in the morning. It may be clearly seen at 3:20 o'clock directly in the east and 20 degrees above the horizon. Of course, the morning must be perfectly clear. The rising sun creates a brilliancy that more than rivals that of the comet in the early mornings, but if conditions are right the celestial wanderer may still be seen. As the days go on, opportunities for viewing the stars are increased, for the body rises earlier each morning, and it will soon be beyond the point where the sun dims its brilliancy. It is hinted by the scientists that the earth, due to the movements of Halley's comet, may have the thrill of seeing the stars fall as they did in 1833, two years before the last visitation of the comet.

DID ETNA DUST CROSS OCEAN?
Vessel Experienced Queer Conditions in West Indian Sea.

New Orleans, April 12.—Clouds of volcanic dust are floating over West Indian waters, Captain Dickinson, of the steamship Avon, in today from the West Indies, believes that the clouds came from the eruption of Mount Etna. The Avon's chief officer said that for nine days the sun appeared very small and a blood-red

color. One day the air was so charged with electricity that the ship could not send a wireless message. The pilot at Kingston said he never had experienced anything like it before, except for two days, when an earthquake destroyed Kingston.

Foley's Kidney Remedy will cure any case of kidney and bladder trouble not beyond the reach of medicine. No medicine can do more. Gilbert's drug store.

Court of Appeals.

WILL REDUCE POSTAL DEFICIT

FIRST HALF OF FISCAL YEAR SHOWS LARGE DECREASE

Largest Surplus in Department's History—General Hitchcock expressed 000,000 Is Aim.

SAYS POSTMASTER-GENERAL.

Washington, April 12.—Basing his conclusions on the auditor's returns of postal receipts and expenditures for the first half of the current fiscal year and on preliminary returns for the third quarter of the year, which closed March 31, Postmaster-General Hitchcock predicted today that the first year of the present administration would show a decrease of over ten million dollars in the deficit of \$17,480,000 handed down from the preceding year. The deficit for the third half of the current year was \$4,072,000, as against \$10,028,500 for the first half of the last year, a reduction of more than six millions in six months.

The recent publication of the auditor's returns for the service quarter ending Dec. 31 disclosed the fact that the department had been conducted during that period at an actual profit of \$2,115,000, the largest surplus recorded. It is said, for any quarter in the history of the department. Post-expenditures are running, he expected the belief that the final figures for the quarter ended March 31, also, would show a surplus of close to two millions. The final quarter of the year, that ending June 30, next, in which certain heavy expenses of the service will fall, is likely, Mr. Hitchcock said, to show a deficit, but as expenditures are running, he expected the deficit to be small. The postmaster-general said he would not be surprised if the excess of expenditures over receipts for the entire year should fall as low as five million dollars, which would mean, millions of deficit in the period of twelve months.

The officers of the department attribute the extraordinary reduction shown in the rate of expenditures to certain radical reforms that were introduced at the opening of the year in the methods of handling the postal business.

Cocaine which dulls the nerves never yet cured Nasal Catarrh. The heavy feeling in the forehead, the stuffed up sensation and the watery discharge from eyes and nose, along with the other miseries attending the disease, are put to rout by Ely's Cream Balm. Smell and taste are restored, breathing is made normal. Until you try this remedy, you can form no idea of the good it will do you. Is applied directly to the sore spot. All druggists, 50c. Mailed by Ely Bros., 56 Warren street, New York.

LEATHER STRIKE

NOW ENTERS ON FOURTH WEEK OF STRUGGLE.

Next Week Strikers Will Begin Drawing Benefits From the Fund.

This is the fourth week of the strike of leatherworkers, with the same condition existing in Paducah, and practically no information when the local leatherworkers will return to work. The leatherworkers have received encouraging reports from all over the country, and are confident of winning out.

When the strike was declared the leatherworkers voted not to draw benefits from the strike fund for four weeks. With the close of this week the strikers will begin the drawing of the weekly allowance from the national fund. Leatherworkers in factories now working are contributing ten per cent of their wages for a national victory of the leatherworkers union.

SHOE FACTORY

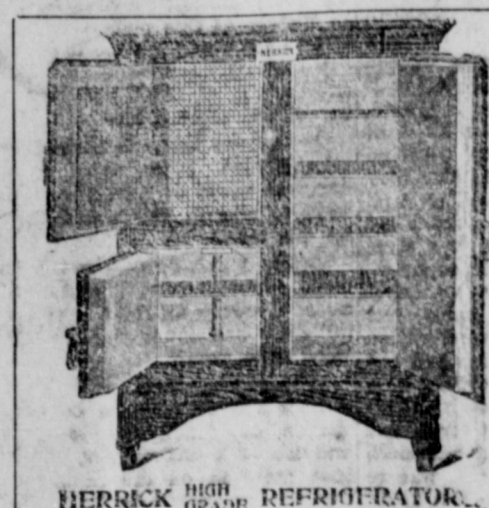

STARTED ON SMALL SCALE ON NORTH FOURTH STREET.

F. H. Callahan, Eddyville, Hopes to Become Large Producer of Footwear.

On a modest scale a shoe manufacturing firm has started in Paducah, and it may develop into a large industry. The firm has been started by T. H. Callahan, who came to Paducah from Eddyville, and is well acquainted with the manufacture of footwear. The factory will open at 126 North Fifth street, and at the start will employ about a dozen men, but as business increases will enlarge the force. Machinery for the plant is now being installed. The product of the factory will be sold at wholesale.

FREE TRIAL---FREE TRIAL

We do not want you to make a mistake when you buy a refrigerator. Remember our free trial offer on the HERRICK Refrigerator and take advantage of it.

HERRICK HIGH GRADE REFRIGERATOR. Perfect Circulation.

Let us place a HERRICK in your home on trial—buy it on your own recommendation, not ours. If it is not what you think it should be telephone us to come and get it. It costs you nothing to try it.

Isn't it wonderful how an air tight refrigerator can keep dry inside; yes, so dry that matches, salt and Saratoga Chips stored on the shelves will never show the least trace of dampness. A wet rag hung from a shelf will dry within three hours, and water or milk spilled on the bottom will soon dry up.

On account of the cold dry air circulation in the HERRICK it is perfectly sanitary.

Old Style.

Imperfect Circulation.

There are reasons for this circulation—no mystery. Come to our store and let us show you the HERRICK REFRIGERATOR iced up, and we will point out to you the exclusive and superior features over other makes of refrigerators.

The water cooling device in the Herrick Refrigerator cannot be equaled. The water tank, as you will see from the cut, is attached either from the top or side of the refrigerator and is on the outside. The water passes from this tank through a coil on which the ice rests, and is drawn from the faucet at the side of the refrigerator, ice cold. The water does not come in contact with the ice at all, therefore, it is not tainted with ammonia as water usually is when the ice is put in the water.

The HERRICK Does Not Cost Any More Than The Inferior Makes of Refrigerators.

See the HERRICK Iced up in our Window.

F. N. Gardner Jr. Co.

Your Credit is Good.

OPPOSE LOW PULEMAN RATE.

Chairman Knapp and Commissioner Harlan Dissent.

Washington, April 12.—It developed today that Chairman Knapp and Commissioner Harlan did not agree with the interstate commerce commission's decision yesterday reducing Pullman rates and ordering differential charges between upper and lower berths. It is said the dissent of the chairman and commissioner from the report is the basis upon which the company will fight the decision in the courts.

Chairman Knapp agrees with the principle of differential rates between upper and lower berths, but is of the opinion that the difference fixed by the majority report was in some cases too great.

Commissioner Harlan concurred with some of the views of Chairman

Knapp, but dissented on the ground that the order was not justified by the record.

There is no cough medicine so popular as Foley's Honey and Tar. It never fails to cure coughs, colds, croup and bronchitis.—Gilbert's drug store.

withdrew settlement, authorizes him, that the president, such lands from the less the law expects do so." The case in

WHEAT HEAVY ON CHICAGO MARKET

MAY CLOSES WITH A LOSS OF TWO CENTS.

Bulls and Bears Nap Each Other—Patten Returns From East and Enters Fray.

THE SLUMP IN PROVISIONS.

Chicago, April 12.—There was an abundance of depressing features in the wheat market last week and that cereal developed an unmistakably heavy tone, May closing the week with a net loss of 2 cents. July wheat was 1½ cents lower and September declined 1½ cents. The market made several shows of strength during the week, but on each bulge it was demonstrated that there was plenty of wheat for sale.

The government report on wheat condition, which reached the trade on Friday, gave the average condition of the growing winter wheat crop on April 1 as 80.8 as compared with 82.2 a year ago, and a ten-year average of 86.6. This suggests a possible crop of 476,000,000 bushels or over. This will be considerably reduced, however, by abandoned acreage. The report reached the trade at 11 o'clock and a buying flurry was started a few minutes before that hour in anticipation of a bullish report. When it was posted it was given a bearish construction and prices broke nearly 2 cents. With the increased acreage of winter wheat sown last fall conservative traders do not believe the condition of 80.8 forecast much of a calamity and figure that even with the abandonment of 5,000,000 acres the crop will be equal to that harvested last year.

Bulls Boost Prices.
An hour after the government figures were issued the big bulls in the market put their shoulders to the wheel and boosted prices up again, the earlier loss being almost entirely regained.

May, July and September wheat each fluctuated over a range of 3½ cents for the week. The high points were reached on Monday, May selling at \$1.14½, July \$1.07½ and September \$1.04½. Thereafter until near the close on Friday an unmistakably heavy tone was developed, the tendency being almost interruptedly downward, although the decline was slow, the bottom for the week being touched on Thursday, when May sold at \$1.11½, July \$1.04½ and September \$1.01½.

There was a show of strength when the market opened on Monday, due to reinstating by bulls that had sold out on the previous Saturday. The moderate rally thus brought about caused a resumption of the same sort of selling that had been apparent during the previous week, showing that there is an inexhaustible supply of new wheat still to come on sale on all the strong points.

The early buying on Monday was based on an erroneous report concerning the crop of Kentucky. It

BY GROCERS EVERYWHERE!

was discovered that the state report made the condition 94 instead of 50, as had been reported by one of the state officials. The lower figure, although a surprise, nevertheless aroused fears as to what might have happened to the crop of the other Ohio valley states. The correction of the figures led to general unloading and made a weak market thereafter.

Tuesday a Holiday.
On Tuesday the trade had a holiday on account of the local elections, but the corridors of the board of trade building were crowded with brokers and traders who were anxious to scan the Kansas weather reports. On Wednesday, with rains over some parts of the winter wheat belt, liquidation and short selling together caused a further slump. There was a feeling of unrest in the market throughout the session. Sentiment was affected not only by an array of bearish news, but also by the unsettled conditions prevailing in the corn trade. Despite the abundance of depressing features and manifest lack of support the bears were working with much caution, and the decline, therefore, was rather slow. The best support came from shorts, who took profits from time to time and were waiting for a rally on which to put out the property again.

Erratic Market.
Thursday's market was a very erratic one. The rains in the west, it was reported, had missed those parts of Kansas and Nebraska where it was so badly needed and weather conditions again became a feature. An early advance brought a big line of wheat on sale from commission houses and brokers who were believed to be acting for Capt. Phillips, the Kansas bonanza farmer. It was the popular impression that his sales for the day had aggregated between 1,500,000 and 2,000,000 bushels. A sharp advance late in the session was started by buying of a moderate quantity of September, delivery by the Bartlett-Patten house and it was speedily disclosed that the short selling had been overdone. Pit traders were in a scramble to cover and they ran the market up. In addition to the lack of rainfall in Kansas and Nebraska there were numerous reports that high winds were damaging the growing wheat.

Patten On Floor.
James A. Patten was on the floor of the exchange after the government reports had been issued Friday, and was inclined to consider its findings as indicating less wheat in the winter territory than was raised the year previous. Regarding the abandoned acreage, he said it was undoubtedly very heavy, but its extent could not yet be estimated, because longer continuation of dry weather in the southwest would cause more of it to be plowed up and put to other crops.

Corn Demoralized.
The corn market was demoralized last week owing to the failure of two large cash houses—the Burns-Yantis company and W. H. Merritt & company. These failures aroused the trade to the seriousness of the cash corn situation and precipitated more or less short selling on a market that was already overweighted by liquidating sales. Miscellaneous longs were tiring with each fractional decline, and there was an increasing number unloading as the week advanced. Toward the end of the week however, there was a feeling in the trade that the worst was over in the shape of depression and at the present level of prices would be cared for without further trouble. Cudahy bought about 1,000,000 bushels of corn late in the week, and several other big traders took on quite large lines. May, July and September corn each declined 2½ cents for the week.

Oats Weak.
Liquidation in oats, as in other grains, was fairly important during the week, and that market also was weak. In addition to the unload by tired or disheartened longs, there was more or less short selling by pit traders. The latter were acting with caution and were buying on the weak spots. Miscellaneous shorts contributed considerable support to the market by buying on a scale down. May oats declined 1½ cents for the week, July lost 1¼ cents and September was 1½ cents lower.

"Didn't they have anything to drink at the Brookline assemblies?"
"Oh, yes, lemonade."
"Nothing stronger than that?"
"Well, yes; ice water."—Lippincott's Magazine.

Wednesday Hour Specials

Rudy & Sons
219 223 BROADWAY

For Wednesday we offer some very exceptional specials for the hour only. None will be sold at these prices except during the hour specified, nor will telephone orders be accepted. The economical woman will come and spend the day. Bring your friends.

BEDRIDDEN WITH ECZEMA SIX WEEKS

Itching, Burning Eruption from Head to Foot—Doctor Gave Her Up Entirely—First Application of Cuticura Brought Relief and Sleep.

CUTICURA REMEDIES EFFECT PERFECT CURE

"Four years ago I suffered severely with a terrible eczema, being a mass of sores from head to foot and for six weeks confined to my bed. During that time I suffered continual torture from itching and burning. After being given up by my doctor I was advised to try the Cuticura Remedies. After the first bath with Cuticura Soap and application of Cuticura Ointment I enjoyed the first good sleep during my entire illness. I also used Cuticura Resolvent and the treatment was continued for about three weeks. At the end of that time I was able to be about the house, entirely cured, and have felt no ill effects since. I would advise any person suffering from any form of skin trouble to try the Cuticura Remedies as I know what they did for me. Mrs. Edward Nanning, 1112 Salina St., Watertown, N. Y., April 11, 1909."

Cuticura Soap

Soothing, Cooling, Refreshing for Tender Skins.
Because of its delicate, emollient, sanative, antiseptic properties derived from Cuticura, united with the purest of saponaceous ingredients and most refreshing of flower odors, Cuticura Soap is unrivalled for cleansing, preserving and purifying the skin, scalp, hair and hands, for dispelling itching, irritation and inflammation and preventing clogging of the pores, the cause of many disfiguring facial eruptions. All who delight in a clear skin, soft, white hands, a clean, wholesome scalp and live, glossy hair, will find that Cuticura Soap realizes every expectation.
Cuticura Soap (25c), Cuticura Ointment (50c) and Cuticura Resolvent (50c), for in the form of Chocolate Coated Pills, 25c per box of 60 are sold throughout the world. Pacific Drug & Chem. Corp., Sole Props., 135 Columbus Ave., Boston, Mass.
A 32-page Cuticura Book, mailed free, giving description, treatment and cure of skin ailments.

MR. GARDNER, OF CAIRO, Writes Letter Which May Be of Great Interest to Skin Sufferers of This City.

Cairo, Ill., October, 1909.
I have been bothered with tetter for about seven years and have tried everything that was ever recommended to me, but all in vain. I saw an advertisement of D. D. D. for a skin disease cure, so I purchased a dollar bottle. And it did me so much good that I tried the second. And the third one cured me sound and well. I used it regularly according to direction and it proved a success. No one knows the suffering of the bother of tetter in the hands, unless they have had it. I will gladly recommend D. D. D. to anyone that is bothered with tetter.
J. P. GARDNER, 723 3rd St.
So many convincing statements, similar to the above, have been made to us privately by sufferers from aggravated skin diseases to whom we have sold the D. D. D. Prescription, that we feel bound to give it our unqualified endorsement. By special arrangement with the D. D. D. Company we can furnish anyone who has not tried the remedy with a special size bottle for 25 cents. R. W. Walker Co., Fifth and Broadway.

PYTHIAN SISTERS MAY BE ORGANIZED

CHARTER LIST OF LODGE BEING CIRCULATED.

District Meeting of Knights of Pythias Proves to Be a Great Success.

A. E. STEIN IS RE-ELECTED.

The convention of Knights of Pythias for the Fourth district, held in Paducah Monday, was a success, notwithstanding the disagreeable weather. There was a representative attendance and much good was derived from the discussion of matters of interest to the members of the various lodges.

The night session was called to order at 8 o'clock. Addresses were made by Grand Chancellor Saunders, of Franklin, and Grand Keeper of Records and Seal Carter, of Lexington. Both speakers dwelt upon the general work of the order and especially the orphans' home at Lexington. Talks were also made by several of the visiting Pythians and local members. The rank of page was conferred upon a candidate and at the conclusion a luncheon and refreshments were served.

At the evening session the election of a district deputy was a feature. Mr. A. E. Stein, of Paducah lodge, who held the appointment previous to the meeting, received the unanimous vote of the convention for re-election.

The organization of a temple of Pythian Sisters in Paducah has been advocated at several meetings and plans were completed Monday night. The charter list was arranged, and if plans do not miscarry this city will soon have another ladies' lodge to swell its list of auxiliaries. The new temple will probably start with a membership of thirty or forty.

The restorative power of sound sleep can not be over estimated and any ailment that prevents it is a menace to health. J. L. Southern, Eau Claire, Wis., says:—"For a long time I have been unable to sleep soundly nights, because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was much run down. I have been taking Foley's Kidney Pills but a short time and now sleep as sound as a rock. I eat and enjoy my meals, and my general condition is greatly improved. I can honestly recommend Foley's Kidney Pills as I know they have cured me."—Gilbert's drug store.

Wallace Park Mascot.
An American eagle has been secured for the summer season at Wallace park, and the bird is on exhibition in the display window of the Paducah Traction company. The eagle will be the mascot of the park. Probably some monkeys will be secured and other animals placed in cages at the park. The opening will be held May 15, and the park will be in trim for it.

DR. EDWARDS' OLIVE TABLETS

WILL MAKE YOU FEEL FINE.

Do you feel out of sorts?—Is your tongue coated, and your breath bad; do you feel nervous and chilly, like you have malaria? If you do your liver is out of order, your bowels and kidneys are not relieving the system of its poison. What you need is an effective laxative. One that will do the work of calomel, but leave none of calomel's bad after effects. Take Dr. Edwards' Olive Tablets—one laxative tablet that does not contain calomel, yet does calomel's work. These little olive-oil and vegetable tablets are perfectly harmless and pleasant to take. They increase and thin the bile, overcome constipation and rid the system of its poison. Should you eat too much at a banquet or a late night meal, which always makes you feel stuffy and dull, just try one or two Olive Tablets before you retire and see how fine you feel next morning. They will do the work if you only let them. At all druggists in neat 10c and 25c packages. The Olive Tablet Co., Portsmouth, O.

REFLECTIONS ON HIS NOSE.

It Was a Red One Before Poslam Completely Cleared the Skin.

Because of the numerous reflections on his red nose many a man possessed of that affliction has determined to rid himself of it, and has done so quickly through the use of a little poslam, the new skin remedy, naturally flesh-colored, which heals and hides skin imperfections. Although primarily a remedy for eczema,—stopping the itching with first application and rapidly restoring the health of the skin—poslam shows immediate and surprising results when used for less serious skin affections, such as pimples, rash, blotches, inflammations, etc. Used after shaving it will soothe and tone up the skin as no toilet preparation could possibly do.

According to the uses for which it is employed, poslam may be purchased in 50 cent boxes or \$2 jars at Gilbert's and R. W. Walker & Co., also all other stores. A free sample which will demonstrate its marvelous work will be sent upon request to any one who will write to the Emergency Laboratories, 32 West 25th street, New York City.

RIVER NEWS

River Forecast.

The Ohio at this point will rise for the next 24 hours.

Today's Arrivals.

Dick Fowler from Cairo, Ohio from Toledo, Ohio from Metropolis, Nashville from Nashville, John S. Hopkins from Evansville, John L. Lowry from Evansville, Anna S. Cooper from Brookport.

Today's Departures.

Dick Fowler from Cairo, Ohio from Toledo, Ohio from Metropolis, Nashville from Nashville, Lowry from Evansville, Hopkins from Evansville, Clyde for Joppa, Cooper for Brookport.

River and Weather.

Gauge at 7 a. m. read 9.5 feet, a rise of four-tenths of a foot since yesterday. Rainfall for last 24 hours was .40 of an inch. Weather cloudy and business good.

Driftwood.

The towboat Mary Anderson was hauled out on the West Kentucky Coal company's docks yesterday for repairs.

From Waterloo, Ala., the Clyde arrived at 9:30 o'clock last night. She left this morning for Joppa and Metropolis to unload and will return tonight.

For Paducah and Tennessee river landings the City of Safford will leave St. Louis at 5 o'clock this afternoon. She is due here tomorrow night.

The towboat Wash Honshell passed up yesterday with a tow of empties.

The Nashville is due from Nashville this afternoon and will depart for a return trip after unloading and receiving freight.

The J. N. Trigg arrived at 3 o'clock yesterday afternoon and went to Brookport to unload. She is due back today and may not make a return trip to the Tennessee until there is a better stage of water.

The John S. Hopkins arrived about noon today and will leave this afternoon for a return trip to Evansville.

The John L. Lowry was in from Evansville today.

For the Tennessee river the towboat Meter departed yesterday and will bring out a tow of ties.

The I. C. tug Anna S. Cooper came up from Brookport this morning and took back a tow of ties.

Frank M. Good died at his home in Louisville last Monday and was buried in Cave Hill cemetery Wednesday. He was 80 years old, and up to three years ago was actively engaged on the river. A few years ago he was chief engineer on the steamer Falls City. He plied the Ohio and Mississippi rivers in ante-bellum days and took an active part in steamboating during the Civil war. Deceased is survived by his widow, two sons, John H. and Frank Good, and a daughter.

WILLIAMS' KIDNEY PILLS

Have you neglected your kidneys? Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you pains in loins, side, back, groin and bladder? Have you a flabby appearance of the face, especially under the eyes? Too frequent a desire to pass urine? If so, Williams' Kidney Pills will cure you.—at Druggists, Price 50c. Williams, Mfg. Co., Props., Cleveland, O. Sold by List Drug Co.

Dr. W. F. Gardner, of Carrsville, is rapidly improving at Riverside hospital. His left ankle was fractured and lacerated but his physicians will be able to save it.

Mr. L. F. Carson left this morning on a business trip to Princeton.

News of Theatres

At The Star.

Prof. Earl Colvin, the hypnotist, who is at the Star Theatre this week, is a slim, tall young chap. His work is clever indeed and thoroughly professional manner, and judging from the screams of laughter which greeted each of his demonstrations, his ability as an entertainer cannot be questioned. He broke a 100 pound rock over the breast of a lady subject, while suspended between two chairs. Today he will make a human arm light of a subject by placing a carbon in the subject's hands and another in the mouth, these are connected with the electric current forming a perfect arc light.

The team of Sutton & Sutton deserve special mention for their very clever act and a good word is deserved for the beautiful scene they carry for this act.

The motion pictures were exceptionally good and Frank Long made a hit with his sailor song.

TAX UNEARNED INCREMENT.

Measure Will Add \$75,000,000 to German Revenue.

Berlin, April 12.—When the Reichstag re-assembles tomorrow, the government will submit a measure providing for the taxation of the unearned increment of land.

Through this legislation the government will take for imperial use 6 per cent of the taxes derived by the municipalities from unearned increment. This, it is expected, will yield \$7,500,000 as the municipalities are now collecting about \$125,000,000 from the unearned increment annually. For the present the

S.S.S. NATURE'S TONIC

Any system that needs a tonic needs also a blood purifier, for it is the weakened, impure condition of the circulation that is responsible for the run-down state of health. The supreme office and duty of the blood is to furnish nourishment to every portion of the body. The circulatory system, magnificent and wonderful in its construction, supplies the means for the distribution of systemic nutriment to every muscle, nerve, bone, gland, sinew and tissue of the body; and just as long as the blood remains pure and rich each of these members are healthy, strong and normal.

We have only to recognize the importance of pure blood in preserving health, to realize the danger of a weakened circulation. The use of a proper tonic when the system is depleted and run-down will often prevent the development of some serious sickness, because weak systems cannot resist disease, while healthy systems are able to ward it off.

Deficient blood nutriment is usually manifested in a general bodily weakness, a tired, worn-out feeling, hick appetite, poor digestion, etc. Sleep does not sufficiently refresh the body, and the languid feeling frequently makes the ordinary duties of life burdensome.

S. S. S. is Nature's Tonic. It is made entirely of botanical products gathered directly from the heart of Nature's forests. It does not contain a particle of strong, harmful mineral in any form, but is a scientific composition of extracts and juices from herbs, roots and barks. S. S. S. is the greatest of all blood purifiers. It is not a nerve stimulant, but a medicine that steadily builds up every portion of the system by cleansing and enriching the blood, and in this way supplying an increased amount of nourishment and strength to every portion of the body. S. S. S. rids the system of that tired, worn-out feeling, quiets the over-strained nerves, makes sleep refreshing, corrects any stomach disturbance, promotes good digestion and adds vigor and vim to the entire system.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

WOMEN'S BEAUTY.

Imperfect Digestion Causes Bad Complexion and Dull Eyes.

The color in your cheek won't fade, the brightness in your eye won't vanish, if you keep your stomach in good condition.

This was the advice of a prominent physician to a woman's club in Boston and it is good advice.

Belching of gas, heaviness, sour taste in mouth, dizziness, biliousness and nausea occur simply because the stomach is not properly digesting the food.

The blood needs nourishment to carry vigor, vim and vitality to every part of the body and when food ferments in the stomach enough nourishment is not applied.

Mi-o-na stomach tablets give instant relief to upset stomachs, but they do more; they put strength into the stomach and build it up so that it can easily digest a hearty meal without giving its owner hours of misery.

Mi-o-na is sold by druggists everywhere and by Gilbert's drug store at 50 cents a large box. It is guaranteed to cure indigestion or any stomach distress or money back.

government will make no move in the direction of taxing increased values of stocks and bonds.

FRIEDRICH APARTMENTS NEAR- ING COMPLETION.

The Friedrich apartments, Sixth and Monroe streets, are fast nearing completion. They will add another handsome building to the downtown district, with six six-room suites. They will be occupied about May 1.
